

Tasmanian RC Laser State Championship 2011

Sunday the 18th Sept saw 8 RC Laser skippers contest the 2011 State Championship's held at Lake Trevallyn.

Racing got underway at 10:30am and the wind conditions where very light and southerly in direction.

George Fish was the first casualty of the day, as he was lining up for the first start, his laser slowly fell over and ended up upside down, showing a lack of a keel. (most embarrassing.)

Richard Fisher showed early form winning the first 3 races, but Adrian Hardman managed to win the next 4 races and continued to remain in front of Richard with consistent sailing.

Third place getter Geoff Martin sailed the trying conditions well and was awarded for his consistency by finishing just in front of Geoff Buckle and Chris Madzira.

Peter Darcy, having just purchased his laser from Trevor Willingham 14 days before the event, finally got to grips with it to take out 2nd in the final race.

"A" rig's were used all day.

The PRO Paul Lavery kept the racing going despite the light changing winds and 16 races were completed.

A good day's sailing with very close racing.

1 st	Adrian Hardman	16 points
2 nd	Richard Fisher	26 points
3 rd	Geoff Martin	45 points
4 th	Chris Madzira	49 points
5 th	Geoff Buckle	54 points
6 th	Peter Darcy	60 points
7 th	George Fish	73 points
8 th	Keveral Bye	106 points
