

State Sailing Measurer's Report - 2005

I would like to thank all the members who helped and supported me during the year.

The highlights for me were the two group workshops that covered correctly measuring various classes of boats and sails. The workshops were in Brisbane and Bundaberg.

Towards the end of this term I felt that my efforts were achieving little and were only frustrating others and myself.

I wish to apologise to anyone who thinks I have let them down.

Should I be asked unofficially to assist individual members in the future, I will be pleased to do so.

Signed.

Peter Humphreys
