

Vice President's Report

June 2009

All meetings held during the year have been ably chaired by the President, Ian Ashe.

My input therefore has been to contribute to discussions and propose ideas and upon meeting consensus, vote for a satisfactory conclusion.

At those meetings we have resolved some thorny issues and confirmed the Secretary's actions on much of the regular running detail of the QRYA Inc.

The QRYA Inc represents the (currently) nineteen Qld affiliated Clubs in the matters of radio sailing.

Our major achievement was to obtain Incorporation for our Association on **20th February 2009**. This means that the Executive officers can no longer be held individually liable for the legal obligations of the Association.

Many thanks to Secretary, David Black, and President, Ian Ashe, for their tireless efforts.

John McLachlan
Vice President QRYA Inc
